## 4 E. Germans Flee To West

### Vopo Accidentally Shot by Comrades

BERLIN (AP)—A West Berlin student led four East Germans through a tunnel to safety in the West Monday night after escaping a hail of gunfire from Red border guards who accidentally killed one of their own men.

Two other students helped the refugees scramble through the 90-foot tunnel under the Red wall dividing Berlin moments before the East German border guards sprayed the underground escape route with machinegun fire and tear gas grenades.

The Communist action thwarted the flight of nine other East Germans, and at least five of them were taken into custody.

The West Berlin students had dug the tunnel from the American sector of West Berlin to a house on the Communist side. The students said the work took a month, and that they arranged to use the tunnel for the first time Monday to bring out 13 East Germans, mostly women and children.

"We didn't know when we broke through whether the Vopos (East German police) would be waiting for us with Tommy guns at the ready or bashing in our skulls with their jackboots," one student said.

Two students waited at the western end of the tunnel to help haul the escapees through on a metal stretcher pulled by ropes. The third went 200 yards into Communist territory to guide the first group of escapees—two women, 26 and 22, and two boys, 11 and 5.

The guide said he was leading the group to the building when an East German guard challenged them. The student fumbled for his identification papers to distract attention from the women and children. They reached the building about the time Red guards in a nearby pillbox opened fire.

## Talks Continue In Airline Union Feud

### Walkout Slated for 2 p. m.

WASHINGTON (AP)—Secretary of Labor Arthur J. Goldberg got negotiators together again today in a final effort to avert an afternoon flight engineers' strike on Trans World Airlines.

Joseph Suskiewicz, New York, a member of the engineers negotiating team, said "The strike is on unless we call it off."

Representatives of the airline and two unions—the Flight Engineers and the Pilots Association—stayed at the conference table Tuesday night until after midnight. Then Secretary of Labor Arthur J. Goldberg ordered a recess so they could "do some more work separately."

Goldberg declined to say how the talks were going but a spokesman for the flight engineers said, "We made no progress—none whatsoever."

The main issue in the dispute, which has simmered and boiled since the airlines first began using jets, is whether a pilot or an engineer should fill the third seat in the cockpit.

The flight engineers set 2 p.m. EDT today to start their walkout if mediation efforts fail.

President Kennedy has warned the flight engineers not to strike but he has exhausted remedies available to him under the Railway Labor Act which governs disputes involving airlines personnel.

As the government worked to stave off a TWA walkout, a strike

## Rusk Arrives In Paris For Fence Mending

### Secretary of State On First Leg Of 11 Country Tour

PARIS (AP)—U.S. Secretary of State Dean Rusk arrived today to begin a fence-mending tour of Western Europe. He declared Allied solidarity remains unshaken.

In a brief statement on arrival at Orly Field, Rusk said he intended to confer with Allied leaders on "our common goals and our common commitments" as they affect the North Atlantic community and other parts of the world.

He said he wanted to look into the next steps in Allied relationships which he said were entering "a new chapter."

"In other words—where do we go from here?" the secretary asked, indicating that this would be his main concern in his talks in France, West Germany, Italy, Britain and Portugal.

On his 10-day tour Rusk will tackle a number of problems that plague relations among the Western Allies.

Near the top of the list will be efforts to forge a common nuclear weapons policy, an issue on which Washington and Paris are far apart. No quick agreement is expected.

France's President Charles de Gaulle has determined his nation should have its own nuclear force. The United States contends the West's force should be "indivisible," that "relatively weak national nuclear forces" would have a negligible effect.

The secretary of state has a wide range of world problems to go over not only in Paris but in Bonn, Rome, Lisbon and London. He also will make a stopover in Berlin.

Before winging out of Washington early today, Rusk conceded there is "ferment" in the Atlantic community—the entering of "a new period of creative activity."

Rusk had a 90-minute conference on Berlin Monday with Anatoly Dobrynin, the Soviet ambassador. It was their fifth such meeting since Dobrynin arrived in the United States in March and no progress has been reported so far.

This is a country-by-country breakdown of the problems which likely will come up in the five capitals:

PARIS—The talks in the French capital will present the toughest problem for Rusk. The positions of Washington and Paris differ on such basic questions as negotiations with the Soviet Union on Berlin, on nuclear armament and the political integration of Europe.

## But Conservatives' Power Slashed Diefenbaker Is Re-Elected Prime Minister Of Canada

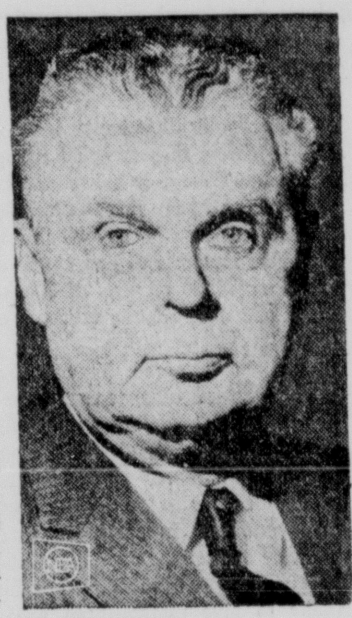

TORONTO (AP)—Prime Minister John Diefenbaker's Conservatives emerged today from Canada's national election still the biggest party in the House of Commons but without a majority after a stunning setback.

Diefenbaker apparently will try to form a minority government as he did in 1957. But as he did then, he is expected to call a new election within a year after a period of routine administration in which no controversial legislation can be adopted.

"We are still the government of Canada," the 67-year-old Conservative leader told supporters in Prince Albert, Sask., his home town. However, his party's holding had been slashed from a record 203 seats in the 265-member House of Commons.

With three seats still undecided, the Conservatives held 117 and had a chance to pick up one more. The Liberals won 96 and were leading for another The Social Credit party had won 30 and the New Democratic party had 19. One Ontario seat will be filled in July because a candidate died during the campaign.

The Conservatives appeared to be at least 15 seats short of the 133 required for an absolute majority in the House. The final standing could be further changed by recounts that are expected in

## Europeans Told To Carry On 'Burn' Drive

### Moslem Promises of Terrorist Amnesty Termed 'Worthless'

ALGIERS (AP)—New terrorism threatened Algeria today as Secret Army Organization diehards in Oran and Bone rejected a peace pact between Moslem nationalists and European leaders in Algiers.

"Keep your arms. Continue the fight," a secret army broadcast warned European settlers in the western port city of Oran.

In Bone, eastern Algeria, the underground command distributed handbills spurning Sunday's Algiers agreement and vowing to continue the fight for French rule in Algeria.

Both groups denounced the accord, which called for a halt to the terrorists' scorched earth policy. They branded as worthless promises by Moslem nationalist representatives of an amnesty for secret army terrorists and guarantees for Europeans in a Moslem-ruled Algeria.

Despite the diehards' defiant stand, there was no outbreak of major terrorism Monday. The only incidents reported were explosion of a small plastic bomb and three grenades in Bone, with little damage, a shot at a high army officer that missed and several holdups.

Tense European settlers awaited word from Ben Youssef Ben Khedda, premier of the Algerian nationalist government in exile.

Ben Khedda was expected to make a broadcast from Tunis that could have a marked effect on the success or failure of the effort to bring peace between the secret army and the Moslems.

A member of Ben Khedda's regime, State Minister Hussein Ait Ahmed, told an Arab meeting in Cairo his government had nothing to do with the Algiers accord. He said it was worked out between the secret army and members of the 12-man French-Algerian provisional executive, and dealt only with security issues.

So far, the only pledge in the name of the Moslem National Liberation Front (FLN) has been made by Dr. Chewki Mostefai, its

## Souvanna Regime To Take Over Laos Government

VIENTIANE, Laos (AP)—Neutrality Prince Souvanna Phouma, premier-designate of Laos, reportedly won agreement to his latest demands today and the machinery was once again set in motion to install his coalition regime.

Informed sources said King Savang Vathana and right-wing leader Gen. Phoumi Nosavan agreed to Souvanna's demands for modification of a phrase in the royal decree authorizing the coalition regime.

Souvanna threatened a walkout because the original decree mentioned that the National Assembly had approved the coalition agreement signed last week. Neither Souvanna nor his half-brother and ally, pro-Communist Prince Souphanouvong, recognize the Conservative-dominated National Assembly.

Souphanouvong, on a visit to Communist North Viet Nam, echoed Souvanna's objections, calling the National Assembly "an instrument of American imperialism."

Souvanna's objections forced the postponement of the installation ceremonies and raised fears that the coalition, two years in the making, was doomed even before it took office.

Informants said, however, that Souvanna won his way in meetings today with King Savang and Phou-

## Verdict Still Suicide In Marshall Case

FRANKLIN, Tex. (AP)—A suicide verdict still stands in the mystery shooting of Agriculture Department official Henry H. Marshall last year.

After a month-long probe in the reopened case, the Robertson County grand jury decided Monday night that evidence was "inconclusive to substantiate a different decision at this time."

The jury began the investigation after West Texas promoter Billie Sol Este was indicted on fraud and theft charges Marshall, 52, had been checking into cotton allotment dealings of Estes.

Dist. Judge John M. Barron, who joined Dist. Atty. Bryan Russ in convening the jurors, dismissed the group with praise for its work, remarking that the case "has resolved itself into a police action."

"If any evidence warranting an indictment comes up, the grand jury can come right back," Barron said.

Marshall was found dead June 3, 1961, at a lonely spot on his ranch near here. He had been shot five times with a bolt action .22 caliber rifle which lay nearby. The inquest verdict by a justice of the peace was suicide.

Marshall was state chief of production adjustments for the agricultural Stabilization and Conservation Service. He was one of the first officials to look into Estes' manipulations of cotton acreage allotments.

The Agriculture Department has since fined Estes \$554,172, holding he obtained cotton allotments illegally.

## Tiros Satellite Put Into Orbit

### Hurricane Hunting Is Main Mission

CAPE CANAVERAL, Fla. (AP)—The fifth in the series of Tiros weather-eye satellites rocketed toward an intended orbit today to hunt hurricanes.

A three-stage Thor-Delta rocket vaulted skyward at 7:18 a.m. in an effort to propel the electronic weatherman into a path 350 miles above the earth.

Success could not be confirmed until the satellite completed one 97-minute circuit of the globe.

The huge rocket rose smoothly on a tail of yellow-orange flame, arched toward the northeast and sped swiftly from sight. It disappeared in a cloud bank about two minutes after launching.

Hurricane-watching was Tiros V's main assignment. But Meteorologists hope pictures taken by its cloud-cover cameras also will provide vital data on storms, fog and ice breakup near the Arctic Circle; Pacific Ocean typhoons around the world.

The launching was timed so the 286-pound-satellite's two television

## Railroads Begin Employee Cut

### Will Compensate For Wage Increase

CHICAGO (AP)—Several railroads have begun laying off non-operating employees to compensate for a 10.2 cents an hour wage boost negotiated by 11 unions representing 450,000 off-train workers.

The Illinois Central Railroad said Monday it had furloughed 650 employees. Wayne Johnston, president of the line, said it would lay off enough workers to make up the \$3.8 million annual cost of the wage increases.

Several railroads said they plan to begin furloughing workers. Others said they will study the effect of the wage hike before deciding whether to make work force cutbacks.

The one-year agreement which was reached June 5 followed recommendations of an emergency board appointed by president Kennedy. James E. Wolfe, spokesman for the nation's railroads, estimated the settlement would cost the lines \$105 million a year.

The Rock Island Line reported it has laid off 300 workers since May to offset an estimated \$2.4

## Director Criticizes Study Report County Units To Meet On TB Clinic Operation

LISBON — A meeting of the five health departments in Columbiana County with county commissioners has been planned to review, toward a goal of improving, the operation of the Columbiana County Tuberculosis Clinic.

The session was set tentatively last night during a meeting here of the Columbiana County Board of Health with clinic, state and other county officials, during which the merits were debated of a recent report on the operation of the TB clinic.

The study, authorized by the commissioners and the county board of health, was conducted by Walter Dickerson Jr., director of program development and field service of the Ohio Tuberculosis and Health Assn.; Dr. Joseph R. Boyle, director of the Ben Franklin TB clinic, and Margaret A. Hukill, field counselor of the Northeast Ohio Tuberculosis and Health Assn.

Dr. F. G. Kravec of Youngstown county TB clinic director, who took issue with several phases of the report, claimed the tuberculosis death figures in the report were exaggerated. Miss

## Clouds May Halt Biggest Nuclear Blast of Series

HONOLULU (AP)—The United States tries again late tonight to set off the biggest nuclear blast of its current Pacific series but the weatherman isn't optimistic.

"It doesn't look too favorable," said a forecaster at the U.S. Weather Bureau in Honolulu. "Those same clouds are still over Johnston Island and reports indicate they are not moving."

A high cloud above the Johnston test site caused a 24-hour postponement of the test Monday. Joint Task Force 8 rescheduled the explosion for 11 p.m. HST—4 a.m. EST Wednesday—but said weather or technical troubles might delay it as late as 2:30 a.m. HST—7:30 a.m. EST.

If the nuclear device isn't fired by then, the test will be postponed again.

Dense clouds bunched up over Johnston at 40,000 feet early Monday blotting out the upper atmosphere. The Weather Bureau said there was a thinner layer of clouds at about 15,000 feet.

The clouds prevent photographing of the explosion in detail. Scientists are anxious to get pictures of the nuclear fireball.

The blast, when it comes off, will be the most powerful of all American tests in the Pacific this spring. It also will be the highest detonation — educated estimates range from 200 miles up.

## May Have Bearing On Politics

## Supreme Court's Decision on Voting Systems Important

By RAYMOND J. CROWLEY  
WASHINGTON (AP)—Farmers and city dwellers alike should keep their eyes on a case the Supreme Court has just decided to review. The outcome is likely to be of enormous political importance.

It may give a tip-off on just how much political power the man-with-the-hoe (or in modern parlance the man driving the tractor combine) must surrender to his city and suburban cousins.

The Supreme Court has already ruled that courts have jurisdiction to handle complaints of metropolitan residents that state voting systems are "invidiously" unbalanced.

In more than 30 states, there

is ferment. City and suburban citizens have started lawsuits, forced special sessions of state legislatures—or threatened to, launched movements for state constitutional amendments or taken other steps. Their aim: to get more representation in state legislatures, in keeping with their vastly increased numbers.

One big trouble is that, so far, there are no sure guidelines on what constitutes invidious, unconstitutional discrimination.

Must state voting systems give each man's vote the same weight as every other man's, or nearly so? Can one house of a state legislature be apportioned on a population basis (like the U.S. House of Representatives) and the other

according to geography (like the U.S. Senate)? Nobody knows for certain.

On April 28, a three-judge federal court threw out a century-old county unit system in Georgia, even though it had been slightly modified. This system was used in Democratic primaries for governor and other offices. Under the old system a rural resident's vote could be worth 99 city votes.

The Democratic party of Georgia appealed to the U.S. Supreme Court. The tribunal agreed Monday to hear the case, but not until the term starting next October. This apparently means that, with the county unit system out the window at least temporarily, Georgia will select its governor Sept. 12 on a basis of popular votes.

The three-judge lower court suggested that a unit system would not be invidious if the difference in the weight of individual votes in various counties were no greater than in the U.S. Electoral College.

This would allow much leeway. The greatest disproportion in the Electoral College is between Alaska, which has three electoral votes, and New York, which has 45. This amounts to one electoral vote for 76,000 citizens of Alaska and one for 375,000 citizens of New York.

Will the Supreme Court go for this standard of reasonableness? The decision next term may tell.

It may take another decision, or several more, to determine guidelines for state legislatures. This situation is really in flux.

For example, the Maryland Legislature reapportioned this year to give metropolitan areas control of its House of Delegates for the first time. It left rural sections in command of the Senate.

Now there is a fight in the state circuit court to force realignment of the Senate as well. But Judge O. Bowie Duckett has indicated he will not do it. He pointed to the federal plan whereby each state, no matter what its population, has two seats in the U.S. Senate.

Again under court pressure, Alabama Gov. John Patterson has called his legislature into special session, though not without a blast at what he called federal invasion of states' rights. The legislature is now in its second week but has not acted. Various bills have been offered, to re-apportion one or both houses. Members of a small-county bloc threaten a filibuster in favor of a "senator for every county" plan.

In Oklahoma a federal court is on the point of ruling on complaints that heavily populated areas lack sufficient representation in the legislature.

In Wisconsin, the legislature convened at Gov. Gaylor Nelson's call, to reapportion or have a federal court do it instead. Nelson is a Democrat and the Republican-controlled legislature is not happy. One GOP leader said: "Nobody is going to tell the legislature how to run this state."

It was a case from Tennessee that led the U.S. Supreme Court to decide that courts can take a hand in apportionment disputes. The Tennessee Legislature thereupon reapportioned, but left rural blocs in control. A federal court at Nashville is now weighing the question whether to strike this law down.

## DiSalle, Boys State Governor Talk On Problems of State

ATHENS, Ohio (AP)—Gov. David Gibson of Buckeye Boys State gets a chance today to use some tips he has received from Ohio Gov. Michael V. DiSalle.

Gibson, like DiSalle, has an unfriendly legislature. The two governors met in Columbus Monday and discussed state problems and government.

The 17-year-old Federalist governor gives his State of the State address today to a Nationalist-controlled General Assembly. The Nationalists hold a 61-35 margin in the House, and, although the Senate is split evenly, Lt. Gov. Douglas Rund of Columbus is a Nationalist and casts the deciding vote in cases of ties.

The absence of a Federalist senator Monday prevented a tie vote for president pro tem at the organization meeting. Perry Griffith of Columbus, a Nationalist, won the office by one vote over Mike Beckman of Columbus. Beckman became minority leader.

Tom Stephanchick of Lorain was elected speaker of the House. The majority leader is John Luebker of Wauseon and the whip is Richard Baxter of Poland. On the minority side, David Williams of Willard is the leader and Keith Beals of Springfield is whip.

Gibson also filed his cabinet posts Monday.

It was reported Gibson offered Lonnie Fouty of Columbus, whom he defeated in the gubernatorial election, his choice of position. Fouty took the highway safety directorship.

Other appointments included: Tim Dix, Kent, finance director; Jack Alpern, East Liverpool, public works director; James Kelly, Columbus, employment director; James Koslovsky, Sylvania, commerce director; Danny Storer, Charles Fuls, Athens, highway director.

Richard Roberts, Sabina, mental hygiene and correction; Robert McEwen, Warren, tax commissioner; Dennis Murphy, Crestline, state bank director; William Mink Warren, state fire marshal.

John Yoxtheimer and Russ Ferrance, both of Warren, and Carl Giordana of Crestline were named to the Public Utilities Commission.

## Khrushchev Claims No War Over Berlin

BUCHAREST, Romania (AP)—Soviet Premier Khrushchev told Romanian workers today that the Soviet Union sees no reason to go to war over Berlin and "we do not give any deadline" on settling the Berlin issue.

"The United States threatened us with war over Berlin, but I don't see any reason to go to war," he said.

"Those who talk about war had better remember that if they pushed the button it would boom-erang against them."

"We do not give any deadline, but as soon as the matter is ripe we will solve the problem," he said.

Khrushchev spoke to a crowd of railway workers in the rolling-stock repair yards on the outskirts of Bucharest. He arrived in Romania Monday for a week's visit.

Khrushchev told the workers: "I am convinced that tomorrow the Red flag will fly over the United States. But we will not fly the flag. It will be the American people themselves."

Discussing Berlin, Khrushchev said:

"We want an agreement with the Americans to change the occupation status of West Berlin and convert it into a free city."

## Woman Drowns; 2 Companions Held For Burglary

CLEVELAND (AP)—Four life-jackets lay unnoticed in a rented 15-foot outboard motor boat Monday while three men boaters tried in vain to rescue their drowning woman companion, police said.

Mrs. James Gerenday, 26, of Bedford Heights jumped from the boat for a swim about 300 feet offshore in Lake Erie. When she sank, Joseph Andrews, 20, and John Frost, 23, leaped from the boat and tried unsuccessfully to rescue her.

Her husband, who remained in the boat with their 7-year-old son, Ricky, couldn't control the craft well enough to steer it beside her. In a curious turn of events, police later arrested Gerenday and Andrews for investigation of a safe burglary last weekend in which \$1,185 was taken from a tavern.

Police recognized the pair as being wanted for questioning as they made statements to detectives about the drowning.

## Colorado Publisher Election Campaign Declines Invitation To White House

COLORADO SPRINGS, Colo. (AP)—The publisher of the Colorado Springs Gazette Telegraph has turned down an invitation for a luncheon at the White House next Friday.

President Kennedy wired the invitation to the publisher, Harry Hoiles, saying, "it would be most helpful to me to have an exchange of views with you on state, regional and national problems. Therefore, I would be most pleased to have you as my luncheon guest on Friday at the White House."

Hoiles said he sent the following telegram to Pierre Salinger, the President's press secretary: "President Kennedy would completely disregard my views. I would not want to lend the sanction of my presence to the result of a luncheon such as he proposes. Therefore, I must respectfully decline the invitation."

## Election Campaign Costs Reported

Edmund A. Sargus' successful campaign for the Democratic nomination as state senator from the 20th-22nd Senatorial District at the May 8 primary cost \$1,170.65, according to sworn statements filed Monday with the County Election Board at East Liverpool.

The St. Clairsville attorney said his personal expenses totaled \$960.65, with \$350 being contributed by the Ohio Telephone Education Committee of Cleveland.

The Sargus-for-Senate-Committee listed receipts and expenditures of \$210, according to the report of the chairman, John J. Hungerman Jr. of Martins Ferry. The East Palestine Board of education spent \$167.50 in an unsuccessful effort for passage of a 5-mill current expense levy at the primaries. The same amount was contributed by Myron N. Goodwin, Youngstown architect, according to the report filed by Roy S. Blackburn Jr., board president.

Frank C. Wilson of Wellsville said his expenses totaled \$144.62 in his unopposed bid for renomination as county commissioner on the Democratic ticket.

The deadline for filing the sworn statements required of all candidates and committees is Friday at 4 p.m.

## A Holiday For Voting

Philip W. Porter of The Plain Dealer was wondering the other day why voting always must be done on Tuesday. He thinks Sunday would be better and points to the 90 per cent turnout of Clevelanders for Sabin polio immunization on two Sundays.

European countries with Sunday elections poll high percentages of their potential voters, he reasons, because Sunday is a day off, a convenient time for voting.

We shiver to think what would happen to a proposal for Sunday voting in the United States. It would be rolling down and dug under by people who want Sunday to be preserved for their own purposes, which don't include anything as mundane as voting.

What we need if the idea is to make it easy for people to vote is a holiday on Voting Day. We talk about the importance of elections and the necessity of exercising the precious right to vote, then make it tough for people to get to the polls.

**MOST OF US** must make a dash for life to get to the polls at all, unless we aren't expected to show up at our jobs that day. It makes no sense that the most important thing we do as citizens should be made so difficult to do, but that is how it has been arranged—and we wonder who arranged it.

We don't yearn for any return to wild frontier days when people voted to an accompaniment of gunfire, drunken brawls and scuffles on the street by overwrought partisans—but there used to be an air of carnival and excitement about voting.

Today, everything is grim and gritty and solemn—and that hasn't done Voting Day any good either. The only excitement is waiting for the returns and even that has been watered down and cooled off by scientific polling that purports to tell us how everything will come out ahead of time. We get a thrill out of seeing the pollsters fall on their inquisitive noses, but it's no match for the heart-pounding suspense Grandpa went through when every election was a warmup for Armageddon.

**OUR PROPOSAL** for Voting Day is to have it on Tuesday just when we have it now but to make it an all-out holiday like Christmas, with everything closed down that doesn't have to stay open.

If this were done, along with the full blast of publicity that precedes every election, it might be possible to boast some year that everybody with any right to be there showed up at the polls.

We doubt that a full turnout is in the cards as long as Voting Day is just another work day, with employed people challenged to figure out how they can cast their ballots without staying off their job—with all business and all schools going full blast—and with millions of people so wrapped up in the daily grind of their lives they say, "So it's Election Day. So what do you want me to do about it? Fly?"

We have holidays for other things but can't spare a day off to vote. Does it make sense?

## DeGaulle's Nuclear Folly

Considerable significance lies in the selection of Defense Secretary McNamara to explain publicly U.S. opposition to the development of independent nuclear forces within the Western alliance.

In his speech at the University of Michigan commencement, he ignored political considerations of high importance to diplomats and confined his discussion to military factors.

Whatever doubt there might have been that Mr. McNamara's remarks were aimed at France were removed by administration personnel who distributed the text of the speech to newsmen.

**OBVIOUSLY**, no one is going to succeed in dimming Charles de Gaulle's vision of a France politically restored to first-rate greatness in the world's power circles. His consistent rebuffs to those who have tried to do so prove it; his rebuffs have had the added effect of increasing the respect he commands for single-minded courage in the face of adverse realities.

But Secretary McNamara's concentration on the military aspects of the De Gaulle nuclear arms policy dealt with realities of a different nature. Obviously, the United States hopes the military side of the French leader's experience may respond to U.S. reasoning.

There is no place in today's world, the secretary said, for a weak nuclear force.

## Practical Nurses

This is Licensed Practical Nurses Week in Ohio, an opportune time to draw attention to our local Hannah E. Mullins School of Practical Nursing and to the laudable service given by these uniformed girls and women.

Since the school was established in 1957, a total of 75 nurses have been graduated in six different classes. Nineteen others were capped last January and are now in training and will be graduated in September.

Each student gives approximately 750 hours of closely supervised patient care while she is in the one-year program and most of the graduates become gainfully employed, according to Mrs. E. R. Durand, the director.

Practical nurses have become an important member of the medical team of registered nurses and doctors in commendable humanitarian work.

## Letter From Max

By Martin Miller

Dear Truman Twill:

You have given a hint that you are about to take off for a jaunt to Britain, the land of our Founding Fathers, and you should be given warning because possibly you don't know what you may get into.

Did you know the British are not only monarchists but socialists, both anathema to us little "r" republicans from the former colonies?

We have had a lot of citizens, including several armies in World Wars I and II, going to the British Isles and returning without visible contamination from these alien ideologies. But maybe these folks were stronger characters than you. Are you sure you are ready for exposure to such things?

We Americans often are accused in other parts of the world of being insular in our viewpoints, so the least you can do when you set out on your voyage is to be prepared for a few snubs.

And it is strange that this advice needs to be offered to you because as an offspring the United States is as good an example as can be found of a child surpassing its parents. How long do you think they will cling to that "Great" in Great Britain?

While you are rubbing elbows with Tories, socialists and royalists be on your guard because the British for centuries have been acknowledged masters of diplomatic subtlety.

On the other hand, Americans for centuries have been acknowledged masters of salesmanship so your encounters should see you about evenly matched. But don't try to be too evangelistic, even though you know we are right and they are wrong. You can't expect to change their entire system on your first trip. It likely will take two trips, maybe more. They don't know yet how wrong they are.

The best you can do this first visit is lay groundwork for future enlightenment. Get our British cousins to thinking about the error of their ways. This would be a fine start and you shouldn't feel disappointed if your results seem minimal.

Whatever effort you make in this direction, you are sure to find that you are replowing old ground because other Americans have been ahead of you and tried the same thing without making appreciable progress. Don't let this discourage you. Buckingham Palace wasn't built in a day.

You probably have a headful of questions you hope to find answers for on your sojourn in Britain and shouldn't be burdened with questions we stay-at-homes would like to have answered, but if it isn't too much trouble would you look into a couple of things for us?

What are Anthony Armstrong-Jones and Prince Philip really like?

Faithfully yours,  
MAX

## All Out for the Sack Race!

## Inside Labor

By Victor Riesel

WASHINGTON  
There is a central pool of cash here which is the muscle brotherhood's own Fort Knox—sort of the bullies' bullion. From this cache there is an outflow of gold only when one of the boys needs it.

Under the rules, they can 'need' the money only when they have been indicted—or when they learn they are being investigated by a grand jury or the Federal Bureau of Investigation.

This cash has been piling up for more than two years. You might call the operation self-taxation to insure swift legal representation by a handful of top criminal lawyers.

At first it covered some Teamsters and some officials of the old Bakers' Union. But it has since spread to cover many others in a fraternity of union officials who have been besmirching the labor movement by attempting to use it to pyramid their own positions into lucrative businesses.

**IT IS THIS** brand of official to which Alex Rose, leader of the Hat Makers' Union and of the New York Liberal party, referred in his convention keynote speech in New York the other day.

"In order to get relief," said Rose "from oppressive and restrictive labor legislation, labor must improve its image before the public. The purge of criminals and unsocial elements has not gone far enough."

"Admittedly, we have our share of evil which we must combat

vehemently and we must have the public sympathy for it.

"Congress must help in this struggle and revise the present labor laws which give criminal elements and legitimate unions the same identical standing before the law."

Back, now, to the cash cache. More than two years ago, some of the muscle-hoods were approached by a Washington union official.

He came well recommended. He suggested to the fraternity that they start contributing to a special fund. I would be used for emergency legal defense.

**THERE WAS** some response. But not enough. Months later the scheme was put on a voluntary withholding basis. Papers were drawn up.

In rapid succession the "boys" were asked to sign pledges. Based on their salary, they were "urged" to contribute definite amounts.

Collectors were assigned. The pledges could be paid on a weekly or annual basis. The money rolled in. Scores were covered. A pool of expert legal talent was created. This means that legal representation is immediately available.

The legal fees are to be paid out of the central fund. This is a technique used by the big gambling syndicates to spring their bookies. Frequently the lawyers and the clients do not even know each other.

This pooling of cash therefore gives the band of union officials high priced counsel. It does one more thing. It enables the defendant to pay for such counsel without having to draw on the union treasury. This is important.

**IN MANY AREAS** the Justice Department is racing the statute of limitations as it did in the case of ex-Teamster leader Dave Beck.

Most of the indictments—which there will be quite a few in the next 90 days—were (and will be) based on charges of misuse of union funds.

In the past these officials have used the union's attorney to defend themselves. But this put the officials in the position of using union money to defend themselves against charges of exploiting the union itself. Not that this would bother the boys. But the heat is on and the less apparent the conflict of interest, the better.

How widespread this heat wave is can be seen from the number of active grand juries.

**THESE ARE** sitting in 15 cities, from the Gulf Coast to the West Coast, from Tampa to Toledo, from Savannah and Atlanta to Washington, New York and Chicago.

Not all the boys are in the pool. The FBI probes are too far flung for that.

The bureau, for example, has been probing some of the Chicago motion picture operators—members of a local union with which the national theatre and stage employees' union's crusading president Dick Walsh has long been battling.

There also are probes of operating engineers, electricians, heavy machine movers, riggers, waterfront units and former bakers' union officials involving the mysterious disappearance of \$51,000 bills.

Keep your eye on all this. Truth is stranger than television.

## Kennedy Retread

By DAVID LAWRENCE

JFK'S 'New' Ideas Advocated First by FDR

President Kennedy may not have realized it, but some of the "new" and "sophisticated" ideas he expounded in his address at Yale University are throwbacks to proposals made and rejected in the 1930s.

The President perhaps decided anyway to advocate the changes in the system of auditing the government's expense and income which President Franklin D. Roosevelt and his Brain Trust sponsored.

The scheme is to list only a part of the government's annual outlay as expenses and to set up a lot of inventories and properties as "investments" or capital assets.

The purpose, of course, is to show less of a deficit, if not a surplus, in the principal statement of finances that gets public attention. Such a change, it is argued, would be more like the methods of private business.

Daniel W. Bell, who was director of the budget for several years, beginning in 1935, and who now is head of the American Security & Trust Company in Washington, fought vigorously against the idea as unsound, and Congress didn't warm up to it either.

Again, in the early days of the Eisenhower administration, the plan received a big boost from Bredas Ruml, who was finance chairman of Adlai Stevenson's presidential campaign in 1952 and who had gained fame in championing the present "pay-as-you-go" system of paying income taxes. Even Mr. Ruml didn't claim that the "capital budget" idea was original. He said to the House Ways and Means Committee on Aug. 2, 1953:

"This change has been recommended for years by students, organizations, and government agencies."

**PRESIDENT KENNEDY** in his speech at Yale denounced the present method of presenting the annual budget to the country as a "myth." He said:

"For the great enemy of the truth is very often not the lie—deliberate, contrived and dishonest—but the myth—persistent, persuasive and unrealistic."

Turning to what he called "fiscal myths" Mr. Kennedy said:

"We persist in measuring our federal fiscal integrity today by the conventional, or administrative, budget with results which would be regarded as absurd in any business firm, in any country of Europe, or in any careful assessment of the reality of our national finances."

"The administrative budget has sound administrative uses. But for wider purposes it is less helpful. It omits our special trust funds and the effect they have on our economy. It neglects changes in assets or inventories. It cannot tell a loan from a straight expenditure, and worst of all it cannot distinguish between operating ex-

penditures and long-term investments."

The President may not be aware of it but those very points were made in the 1930s.

He said in his Yale speech that some of the things he had been hearing recently around the country "sound like old records, long-playing, left over from the middle '30s' and that these 'took place in a different world with different needs and different tasks.'"

**BUT MR. KENNEDY** may not know that the objective of the "capital budget" plan in the 1930s was exactly the same as he has in mind today—to get rid of the bad word "deficits" and to make a better political impression.

Sometimes the "capital assets" on the books prove to be a myth. Thus, the true deficit of the Reconstruction Finance Corporation—an independent agency founded in 1932—was not generally known for many years, but finally \$2.8 billion had to be added to the public debt.

This writer the other day asked Sen. Harry Byrd, D-Va., chairman of the Senate Finance Committee, what he thought of the "capital budget" scheme. Sen. Byrd said: "I am opposed to it. I think it's fantastic to try to take all the capital outlay and outright investments by the government in buildings and construction and appropriations for defense equipment and not charge them to regular expenditures. You would never know where you stood. It's just a way to cover up real deficits. We must not try to fool the people."

It would be hard, for instance, the senator added, to classify a Polaris-bearing submarine or a missile base as an "investment" and to figure out what the "depreciation" would be, especially since the government spends so much on a big military machine that isn't comparable to the plant and equipment of private business which yields an annual earning.

Also, the Treasury has a host of contingent liabilities and "guarantees" running into the billions. Trust funds would be subjected constantly to the temptations of "back door" borrowing and spending for unrelated purposes.

**THE PRESIDENT** and three high administration officials nevertheless delivered last week a total of four public speeches designed to prepare the country to accept the theory of a "capital budget." All this brings to mind the quip that Prime Minister Harold Macmillan, head of the Conservative party in Great Britain, made in 1959 during his campaign against the Socialist Labor party. He said:

"The opposition has some sound and original ideas but the trouble is that some of the original ideas are not sound and some of the sound ideas are not original."

The idea of a "capital budget" is not original with Mr. Kennedy, and it has been proved unsound every time it has been publicly debated from the days of FDR through the years of the Eisenhower administration.

## This and That

By HAL BOYLE

**NEW YORK (AP)**—Things a columnist might never know if he didn't open his mail:

Pleasing the boss is still the best way to hold on to your job. Eight of 10 men discharged are fired not because of inefficiency, but simply because they can't get along with their employers.

It is estimated that Americans pay more than \$10 million every year just to add the word "please" to their telegrams. So who says we aren't a polite people?

Don't brood—it may cause your hair to fall out. Science has found that while most baldness is hereditary, it can also start from a blow on the head, nervous shock and prolonged grief or worry.

The oceans are our greatest untapped gold mines. A cubic mile of sea water contains up to \$93 million in gold at present prices. So if you want to get rich, just figure a cheap way to extract it.

Cleveland, Ohio, buses now mix perfume with their exhaust gases.

Our quotable notables: "It is ordained in the eternal constitution of things that men of temperate minds cannot be free—their passions forge their fetters." — Edmund Burke.

The rose, the world's favorite flower, was cultivated for its medicinal value by monks during the Middle Ages. At one time rose petals also were used in salads.

It is a protection, not a disgrace, to have your fingerprints on record with the FBI.

If you are the head of a family of four and think you have all your bills paid up, you actually are \$6,600 in hock—that's your share of the current federal debt.

Don't be a showoff in the water. Drowning is the fourth highest cause of accidental death, and 86

per cent of the victims are male. Actor Oscar Holmola says the correct lucky rabbit's foot should be a back paw. Most such commercial luck charms are made from the front foot, as the back one is usually too large to fit in the purse or pocket.

We are the world's most careless people. You have a 95 per cent chance of recovering a lost or stolen motor car, only a 10 per cent chance of getting back lost cash. Last year some 9½ million U.S. adults lost an average of \$75 through sheer carelessness.

It was George Bernard Shaw who observed, "A perpetual holiday is a good working definition of hell."

LISBON — Funeral services will be held Wednesday at 2 p.m. in the Friends Church at Lisbon for Mrs. Mayme Bell Lynn, 63, of Willoughby, who died of a heart attack Sunday morning in Willoughby West End Hospital.

She is survived by her husband, Ezra, one daughter, Mrs. Doris Cody of Sastlake, one sister, Mrs. Arthur Hassler of Lisbon, one brother, John Cope of Leetonia, and two grandchildren.

Friends may call at the Davis Funeral Home at Willoughby from 8 to 9 p.m. tonight.

## County

(Continued from Page One)

Kravec said that the clinic was not permitted to use levy funds for surveys, declaring the surveys were the responsibility of the Columbiana County Public Health League.

The League's failure to send the noble units through the county came in for some criticism.

Types of TB tests were discussed but no agreement was reached on the best and cheapest method.

During the discussion, it was brought out that the health departments in the county were more or less satisfied with operation of the TB clinic and were not in favor of a proposed controller system suggested in the survey.

Attending last night's meeting were Dickerson, Miss Hukill, John Ientz, Commissioners Galen Greenien and Walter Hunston, Miss Lillian Schroeder of Salem, Leo Lawrence of East Liverpool, James Vocature of East Palestine, Lt. Kravec of Youngstown, Dr. E. J. Kuhlman of East Liverpool, Spitzum Cook of East Liverpool, Dr. G. A. Peller of Wells-ville Elizabeth Stacey and Dr. R. T. Holzbach of Salem, Atty. Donald Elliott of Rogers and County Health Board members, Atty. Edward Cole, Felix Butch of Lisbon, Glenn Hawkins of New Waterford, Dr. Palmer and Mrs. Edna Gausser, clerk of Lisbon.

At the county health board's meeting following the TB clinic session the fee for taking water samples was increased to \$3.

Dr. Palmer gave the monthly reports which listed 48 plumbing and 50 sewage permits were issued.

Bills of \$3,140.32 were ordered paid. The board's next meeting will be July 17 at 8 p.m.

dential fact-finding board studies the dispute and recommends settlement terms.

These procedures have been used up in the TWA-engineers disagreement.

While pressing their walkout threat against TWA, the flight engineers have dropped their threat temporarily against Pan American World Airways and Eastern Air Lines.

The union said this was done in deference to Kennedy's warning that a strike against all three airlines would harm the nation's economy and welfare.

## '63 Budget Adopted In East Palestine

EAST PALESTINE — The budget for 1963 was adopted Monday night by City Council.

The budget calls for expenditures of \$78,350 for general administrative expenses.

The anticipated revenue from general taxation is estimated at \$55,100. A deficit could be realized, but this will not be known until the end of the year, it was reported.

Council recessed for July and August and will not meet again until Tuesday, Sept. 4.

## LIONS TO BE INSTALLED

## Youth Is Injured In Scooter Mishap

A motor scooter and a farm tractor pulling two loaded hay wagons collided Monday afternoon on County Road 403, one-half mile south of Route 62, injuring a passenger on the scooter.

The Lisbon post of the state Highway Patrol said the driver of the scooter, Gregory Koussouris, 15, of RD 5, Alliance had no license and was cited on a juvenile violation. Licenses are not issued until age 16.

His passenger, Gerald Cobbs, 15, of the same address was taken to Alliance City Hospital with a compound fracture of the upper and lower left leg. He was listed in fair condition today.

The patrol said Mrs. Letha Kibler, 31, of RD 5, Alliance was pulling a load of hay and swerved to miss a bump in the road, causing her to sideswipe the scooter. She was cited for driving left of center.

## Rusk

(Continued from Page One)

All these headaches will come up in one way or another during the two days Rusk will spend in Paris.

BONN—Chancellor Konrad Adenauer is expected to continue to insist that reported U.S. proposals to end the Berlin stalemate are unworkable, but Gerhard Schroeder, the West German foreign minister, may be more understanding — at least this is what Washington officials hope for. On the nuclear issue, the secretary will have a smooth sailing in Bonn, as the Germans are satisfied with the present structure with the United States exercising unilateral control over NATO's nuclear force.

LONDON—There will be few if any controversial topics to be discussed in London. Rusk's talks will be more of a working conference character, centered on Britain's desire to join the Common Market.

ROME—The United States is satisfied that despite some flirtation with the left, Italy is a staunch partner in NATO.

LISBON—His short stop of less than 24 hours in the Portuguese capital probably won't be too pleasant. Portugal is angry with the United States and maintains that it was abandoned by its NATO allies when India invaded Goa, the Portuguese territory on the Asian peninsula.

Decker had been clerk for 35 years.

Don Smith and Dale Bird, both of East Palestine, have been hired by the board as high school teachers. Smith will teach metal shop and Bird will teach biology and take the position of assistant football coach.

Smith, a 1957 graduate of East Palestine High School, is currently attending Kent State University.

Bird, a 1954 graduate, recently graduated from Baldwin Wallace.

# Columbiana DeMolays Plan June 30 Dance

COLUMBIANA — Arthur "Bud" Schmidt is general chairman for the Columbiana DeMolay chapter's semi-formal "Sweetheart Dance," scheduled June 30 in Dixon School.

Highlight of the evening will be the crowning of the chapter's first sweetheart. Music will be by the Tune Masters.

The event will be open to couples of high school and university age. Committees are as follows: Dave Garrod and Galen Elser, co-chairman of program committee; Rodney Whitfield, chairman of refreshment committee; Wilmer Lower, chairman of ways and means committee; Richard Heindle, chairman of ticket committee, and Dick Fisher, chairman of publicity.

Mr. and Mrs. Paul Chaddock have received word that their son James has re-enlisted in the air corps for another two years after serving the past seven years. He will be stationed at McCord field Seattle, Wash.

## Car Salesman Hurt In Collision

Frank J. Sweeney, 52, a salesman for Bud Shaffer Ford Inc., is listed in "good" condition at Central Clinic where he was brought this morning after his auto went out of control and overturned twice on Garfield Rd., one mile east of Route 534.

He was admitted with abrasions of the lower leg and right shoulder and contusions of the shoulder after his car was sent out of control by an auto driven by Lola M. Richards, 71, of RD 4, Salem, at the intersection of Garfield and Secrest Roads, at 8:20 a.m.

The Canfield post of the State Highway Patrol reported that Mrs. Richards stopped at the intersection but when she pulled out, the left front corner of her car caught the left rear corner of Sweeney's 1962 car, throwing it out of control. His vehicle slanted off the left side of the road and into the lawn at the Kenneth Mountz residence on Garfield Road, turning over two times. His car was a total loss.

Police said no arrest was made because the stop sign at the intersection had been knocked or blown down.

Most Europeans feared the pledge had no legal value since it consisted only of a broadcast name of the FLN and a secret army broadcast calling for a halt to arson and destruction. They doubted such a pact would be binding on the Moslem government of an independent Algeria.

The Algerians secret army command and the influential European Union of French Workers in Algeria, however, went along with the pact. They called on the Europeans to halt their exodus and help build a new Algeria.

The virtually complete 1st District vote gave Tupper 25,242, Garland 15,666, Maynard 7,813, and Bartlett 5,733.

The 2nd District candidates, Rep. Clifford G. McIntire, Republican, and William D. Hathaway, Democrat, had no opposition in the primaries. McIntire has represented the present 3rd District five terms.

## Alliance Woman Dies In One-Car Accident

ALLIANCE, Ohio (AP)—A 45-year-old woman was killed early today when her car went out of control and struck a utility pole, Stark County sheriff deputies said. The victim, Mrs. Elizabeth Wright of suburban Maximo, was alone in the car.

# McElroy Files Suit Against Crosley Group

CINCINNATI (AP) — Mark McElroy, Ohio attorney general filed suit today seeking \$5,300,000 damages from Bill DeWitt and trustees of the Crosley Foundation, contending they conspired to gain control of the Cincinnati Reds Baseball Club.

McElroy's suit in common pleas court contended the group set up an arrangement for sale of the team for cash and notes worth only \$2,875,000 instead of the announced price of \$4,625,000.

The attorney general contended the buyer was required to raise only \$100,000 to accomplish the purchase.

The suit named as defendants, in addition to DeWitt, Thomas C. Haydock, Stanley Kess, Mrs. Martha P. Kess, Thomas M. Conroy, Mrs. Dorothea Bauer, Mrs. Edythe Crosley Chatfield, Lewis M. Crosley, Charles Sawyer and James Coombe.

The foundation was set up by the late Powel Crosley Jr., who owned 90 per cent of the Reds stock. His will turned over the stock to the foundation with the admonition to arrange that the team remain in Cincinnati should a sale be necessary.

million payroll raise. President H. Ellis Johnson said he expected total layoffs to reach 400 within a month.

A third Chicago-based railroad, the Milwaukee Road, also has begun layoffs. A company spokesman said the line expects to drop 300 or more to make up an estimated \$2.5 million in additional wages.

Northern Pacific reports 54 non-operating employees have been furloughed and further cuts are expected.

The Chicago & North Western said no layoffs have been started yet, but a plan is under discussion. A company official said the wage settlement will cost the firm \$2 million or more annually.

The Burlington Road reported the layoff problem is being discussed and the Erie-Lackawanna Railroad said studies were being planned.

A Santa Fe spokesman said, "Higher costs of labor and a slump in carloading may cause some work force adjustments."

In St. Louis, Missouri Pacific announced it has begun laying off workers to offset a \$3.3 million addition to its payroll. The St. Louis-San Francisco Railway announced it also is laying off non-operating employees.

Mrs. Charles E. Probert

## Evelyen Copacia Wed To Charles E. Probert

Miss Evelyen Ludovica Copacia, daughter of Mr. and Mrs. John Copacia of 757 Jennings Ave., became the bride of Charles E. Probert, son of Mrs. Ira Wining of 845 Summit St. and the late William Probert, Saturday in St. John's Romanian Orthodox Church.

Rev. Trian Vintila, assisted by Rev. Stephen Feica of Akron, officiated at the 3:30 p.m. double ring ceremony before an altar lighted with cathedral candles and decorated with vases of white gladioli banked with sheffera.

Ribbon bows outlined the center aisle down which the bride was escorted by her father who gave her in marriage.

Leo Copacia Jr. of Cuyahoga Falls was soloist and Marshall Bailey played traditional wedding music.

Carrying a cascade arrange-

ment of white gladioli and stephanotis centered with a white orchid the bride wore a gown of white bouquet taffeta with short sleeves and scooped neckline trimmed with Alencon lace appliques. The back of the skirt was caught up in three sets of inverted pleats each accented with a self fabric cabbage rose forming a bustle effect and ending in a chapel train. Her finger-tip length veil of imported tulle was edged with lace from the veil of the bride's sister and caught to a crown of French orange blossoms.

Mrs. Joel Dennis of Kansas, O., was matron of honor wearing an apricot street length modified sheath dress. A short circular veil was caught to a white cabbage rose headpiece.

Bridesmaids were Mrs. Harold Diehl of Salem; Carolyn Sue Ugan of Youngstown and Suzanne Ugan of Akron. They wore dresses identical to that of the matron of honor except that their headpieces were apricot. All carried cascade bouquets of apricot shasta daisies with white ribbons.

Mary-Jo and Cathleen Bosu of Willowick were flower girls, dressed in mint green with white hats and gloves, and Marty Mix carried the rings on an ivory satin pillow, a family heirloom.

Gary Mandley of Warren was best man, and ushering were David Probert of Brilliant, John Buta and Edwin Probert.

At the reception in the church immediately following the ceremony, 200 guests were registered by Mrs. Eugene Nagy of Wickliffe. The wedding cake centering the bridal table was accented by apricot colored flowers with leaves of silver. A lace cloth encircled with silver leaves covered the table which was graced by twin branching silver candelabra.

Serving were Mrs. Alex Bosu, sister of the bride, Mrs. Carl Mix Jr., sister of the bridegroom, Mrs. William Probert of Brilliant, Mrs. David Plummer, Mrs. Kenneth Bosu of Akron, and Mrs. John Buta.

The bride is a graduate of Salem High School, attended Bowling Green State University and is a teacher in the Willowoughby-Eastlake School system while attending Lake Erie College.

A graduate of Salem High School, Mr. Probert attended Ohio University, spent three years in the Marine Corps and is employed as an IBM operator by the Standard Oil Co. at Cleveland.

Following a honeymoon at Wilson Lodge, Olgebay Park in West Virginia, the couple will live at 462 Clearview Drive, S.E., Euclid 23, Ohio.

Parents of the bridegroom were hosts at the rehearsal dinner Friday evening in their home.

**Your servant who puts in a 228-hour day!**

You think you work hard!

A strong man would have to work 228 hours to do the amount of work which electricity does in one day in the average home.

What does it cost you? Just for fun divide your last month's electric bill by 30 and see how little you pay each day!

Think of all the jobs electricity does for you. Where could you find a servant who does so much so well and works such long hours for so little?

That's why we say your electric service is just about the biggest bargain in your family budget... because while the price of most everything else has gone up, the average price of electricity per kilowatt-hour has gone down!

## Hints From Heloise

By HELOISE CRUSE

Dear Reader: A woman (and she is not the only one living dangerously) just wrote that she puts a cup of vinegar down her drain and then adds a cup of bleach. Sometimes she uses a quart of each to open the drain. I am surprised that this woman lived long enough to write this letter!

I've said it before and I'll say it again: NEVER mix vinegar with household bleach... to open drains or anything else. This forms a very poisonous gas. People have died from this. Also read the directions on toilet bowl cleaners. Some say, "Do not use with chlorine bleaches." or "Do not mix with other chemicals"... and that means bleaches... and vinegar.

Let's try to live, gals, even tho some days we feel it's not worth the effort.

HELOISE

HELOISE:

Recently I had a meeting in my home where the gals smoked. They were surprised that I kept candles lit and asked that I write to you and tell you that there is a lot of smoking going on, a candle kept burning will burn up the smoke!

If it is a large room, you may wish to burn more than one candle.

MARION

DEAR FRIENDS:

Here's a little thought for the day: Do what you can... enjoy it if possible. But... never sit and worry about what you have to do.

## Church Group To Hear Talk by Exchange Student

Timothy Maina, Kenyan studying at Crestview High School near Columbiana, will be guest speaker at the Wednesday meeting of the Women's Association of the First United Presbyterian Church.

Mrs. Phillip Stevens, president, said the time has been changed from 1 p.m. to 8 p.m. so that more people, especially youths, will have an opportunity to hear the foreign exchange student, the son of a Presbyterian minister who violently met his death at the hands of terrorists.

Maina, himself overwhelmed with his reception in America and the success of his education, hopes to help find sponsors for more of his countrymen pleading to come here to study. He has made a complete adjustment to the student body at Crestview, and the student body, to him. He lives with the Wilmer Vollnogle family who consider him an asset in the education and training of their four young children.

Mrs. J. C. Potorf of the Women's Association has arranged the program.

If things bother you that much... get up out of that chair and get it done. The dividends in "peace of mind" are well worth the effort.

PLEASE, give your full address when you send a self-addressed, stamped envelope to me. Many letters have come back to me that have "city" written on them.

If you have not received an answer, perhaps this is the reason. Remember that many states have "cities." Also, some of you forget to stamp your envelopes.

HELOISE

DEAR HELOISE:

I take a soap-filled scouring pad and pull it into three or four pieces before using it. I find that my pads last three times as long by doing this.

Buying a different kind of cracker each week helps keep the "little ones" out of my cookie container. Letting them help make out my grocery list makes them more interested in food and what we eat. When taking them to the grocers, I find that letting them put things in the cart gives them the inclination to eat well as they look forward to a certain item.

PLAGUED WITH BILLS

DEAR HELOISE:

To wind a hank of yarn or crochet thread, I place the hank over my lamp shade, unscrew the top ornament until it is free from the shade, and the shade turns as you wind your yarn. No tangles!

Another way to save is use a three-minute egg timer when making long distance phone calls. Let's you know when to call a halt to your conversation.

## Kathryn Sidwell Becomes Bride of T. Stanley White

Miss Kathryn L. Sidwell, daughter of Mr. and Mrs. Floyd H. Sidwell of Columbiana, and T. Stanley White of Blue Mounds, Wis., son of Mr. and Mrs. Donald J. White of Blue Mounds, pledged their troth at a double ring ceremony Saturday at 2 p.m. in the Friends Meetinghouse at Middle-

ton. Following the exchange of vows, the marriage certificate was read by Raymond W. Stanley of Columbiana, cousin of the bridegroom.

The bride wore a ballerina length gown of white lace over satin with Sabrina neckline and long sleeves pointed at the wrists. Miss Erma Sidwell, sister of the bride, was maid of honor in pink chiffon over taffeta and white accessories. Miss Wauneta Peacock of Danville, Ind., was bridesmaid in a dress identical to that of the maid of honor.

James Hawthorth of St. Louis, Mo., was best man and Marshall White of Blue Mounds was second attendant. Ushering were Richard Sidwell, brother of the bride, Rolin Sidwell, of Richmond, Ind., Miss Dorothy Stratton of Montclair, N. J., and Miss Judith Starbuck of Salem.

A reception in the meetinghouse social rooms was attended by 150 guests. The three-tier wedding cake was highlighted with pink rose buds and topped with white wedding bells. The cake table was accented with pink candles and centered with an arrangement of pink roses and orange blossoms. Serving were Mrs. C. Grant Taylor of Ft. Wayne, Ind., sister of the bride, Miss Susan Gribler of Van Wert, college classmate of the bride, and Mrs. Wilmer Stanley of Columbiana.

The bride is a graduate of Olney Friends School at Barnesville and is a senior at the University of Wisconsin, majoring in social work.

Mr. White is also a graduate of Olney Friends School at Barnesville and is a senior at the Uni-

versity of Wisconsin, majoring in electrical engineering. The couple will live at 1620 Madison St., Madison, Wis.

## Aaron Socks Long Grand Slam Homer

NEW YORK (AP)—Hank Aaron couldn't hold back a big grin. "I might have hit one harder," the Milwaukee outfielder said today, "but never further."

He was talking about his tape-measure grand slam homer in the third inning of the Braves' 7-1 victory over the New York Mets Monday night.

Aaron is in the midst of a streak. It wasn't long ago that he was hovering around the .200 mark. Now he is hitting .325 and has had two grand slammers in four days. Since May 30, he has had 32 hits in 80 times at bat for an even .400 average.

Aaron's blast was only the second ever to reach the left-center field bleachers in the Polo Grounds. Joe Adcock, also of the Braves, hit one there in 1953, before Aaron came up. Rookie Lou Brock of the Chicago Cubs hit one into the right centerfield bleachers Sunday. It was the first time a ball ever has been hit there.

Joe Bonikowski of the Minnesota Twins faced only 27 men in pitching a Carolina League no-hitter for Wilson, N. C., in 1960. He walked one batter but picked him off first base.

**WINS BRITISH AMATEUR TITLE**—Richard Davies, 31-year-old Pasadena, Calif., real estate man, holds trophy after winning the British Amateur golf championship at Hoylake, England. He beat John Poval of Cardiff, Wales, one up, in the 36-hole final.

### Braves Suffer Largest Deficit

## Cleveland Ahead Of '61 Attendance

NEW YORK (AP)—The Cleveland Indians pulled 141,548 customers through the turnstiles for their week-end series with the New York Yankees and moved 126,083 ahead of last year's home attendance pace.

## Tribe Letdown Possible In Bosox Series

CLEVELAND (AP)—The Cleveland Indians open defense of their 1 1/2-game lead in the American League tonight with a game against the Boston Red Sox.

The Tribe will have to guard against a letdown after winning four straight in an emotion-charged series with the New York Yankees.

Indians manager Mel McGaha has picked Ruben Gomez, a 34-year-old right - hander who compiled an 8-0 record at Jacksonville before being called up from the Tribe's International League club, to pitch against Boston's Bill Monbouquette (4-7).

Willie Kirkland, who has just begun to find his slugging pace again, is a doubtful starter. He suffered a cut on his upper right eyelid in a minor auto accident Monday. No stitches were required, but the right fielder wore a patch over his eye.

The Indians lead the Minnesota Twins, who broke out of their slump with a victory over Kansas City Monday night. It cut the Tribe lead to 1 1/2 games. The Yanks remain three games out.

# Dodger Homer Nips Cards 1-0; Twins End A's Streak

By BOB GREEN  
Associated Press Sports Writer

It obviously was supposed to be a work-hard-for-one-run sort of ball game. Hit and run, steal, squeeze, sacrifice and all that sort of thing. That's the way the Los Angeles Dodgers have been winning many of their games.

With the Dodgers and St. Louis hooked up in a scoreless struggle through five innings Monday night, it looked like another one

## Orioles Seek 3 Goals In Yankee Series

By GORDON BEARD  
Associated Press Sports Writer

BALTIMORE (AP)—The Baltimore Orioles will have three goals in mind when they take on the New York Yankees in a two-game series opening here tonight:

1. Continue their own winning streak of four, which has enabled the Orioles to climb into fifth place, 5 1/2 games behind league-leading Cleveland.
2. Put additional pressure on the skidding Yanks, who have dropped seven of their last eight while tumbling into third place, three games out of first.
3. Cut deeply into an attendance deficit which is 68,000 behind last year's pace.

With a break from the weather man, the No. 3 objective will be the easiest to achieve.

Pitcher Chuck Estrada, who will oppose Ralph Terry (7-6) tonight, has the worst record (3-8) on the Baltimore staff. He is due for better luck.

The recent rise of the Orioles and the downfall of the Yanks all stems from a doubleheader victory Baltimore scored over New York June 10 in Yankee Stadium.

The Orioles have played eight straight games without an error—one short of the American League record.

Lincoln Machine Loses, Drops to 2nd; Old Dutch 8-0 Victor

# Stepanic's Win 4-1, Take Class AA League Top Spot

Stepanic's Tavern is the new Class AA League leader as a result of tripping Industrial Mining, 4-1, as Lincoln Machine slipped a half game off the pace by losing its second straight tilt, 5-1 at the hands of Tullis American in loop action Monday at Kelley Park.

In the other league encounter Old Dutch blanked the Purity Deeres, 8-0 on a two-hitter by Glen Mercer. The loss marked the eighth in a row for Purity after opening with two victories.

ROLLING TO ITS third straight triumph the Stepanic's aggregation moved around Lincoln Machine with a 6-3 mark while the Lincoln crew dropped to a 5-3 record. Tullis American enhanced its mark to 5-4 and now trails the league leaders by one full game. Industrial Mining's Zip McDevitt rapped a homerun in the first

inning to give the losers an early 1-0 margin. Both teams fought to a scoreless duel for the next three and a half frames.

Stepanic's broke the pitching deadlock between Mining's Satch Altomere and the Tavern's Jim Stonemetz in the fifth inning with successive doubles by Bill Ferguson and Dave Drakulich coupled with an error, sacrifice fly and a single by Stonemetz to push three tallies across the plate. The winners took a 3-1 lead and coasted to the win.

A homer by Vince Weyant in the last of the sixth canto produced the victors' fourth tally.

TULLIS AMERICAN took a 1-0 lead in the top of the second frame on singles by Dave Hiner and Jim Harrigan and a walk. Lincoln Machine tied the count at 1-1 in the last of the second on

successive singles by Jack Jackson and Bill Pauline, a walk and a sacrifice fly by Judge Guiler.

The winners added two more tallies in the fourth frame on four singles and a walk to take a 3-1 advantage. Tullis' finished the battle by pushing runs across in the sixth and seventh innings.

Tullis American rapped 12 singles in downing the Lincoln nine. Dave Hiner with three hits paced the winners, while Ken Luce chipped in with two safeties.

The losing Lincoln Machine crew managed five hits off Tullis pitcher Bill Ehrhart with four being singles and the fifth being a double by Casey Lease.

Old Dutch had little trouble with the Purity Deeres aggregation as the winners jumped to a 5-0 lead after the first two innings and coasted to the victory to even its record at 4-4.

## Hot Stove Leagues

CIO 3816 blanked the Salem VFW crew 4-0 behind the no-hit pitching of Tracy Bissell and the Elks ended the Electric Furnace win streak 1-0 in two of six hot Stove League games played Monday.

### Class E

After three scoreless frames the CIO 3816 aggregation pushed a run across in the top of the fourth inning with Dick Owens' double providing the big blow.

The winners added three more tallies in the sixth canto on a single by Owens, an error and a walk.

In gaining the win, Bissell fanned nine VFW batters in leading CIO to its third win in four outings. Owens was the batting star for the winners with his two hits.

### Class F

The Elks moved into a first place tilt with the Electric Furnace nine on the strength of Ron Parolanti's double and Ellsworth Bowser's single in the last of the third canto.

Both teams now sport 5-1 records. The Furnace crew had copied five consecutive wins before running into the Elks.

John Tolson was the winning hurler as he held the losers in check with a lone safety, that being a double by John Mason in the second inning. Tolson struck out nine in going the distance.

Losing pitcher Jim Lantz allowed four hits and fanned 12 Elks batters.

An eight-run rally in the top of the third inning powered Sekely's to a 15-9 win over Shaffer Ford.

Shaffer held a 2-1 lead before the roof caved in on them when Sekely's let loose for five hits in the frame, including, a triple by Chuck Joseph, a double by Jack Murray and three singles.

The losers managed to score at least one run in all six frames before the game was called because of darkness.

Pacing the Sekely attack was Joseph with four hits and Dick Popa with two safeties.

Larry Fester supplied the power for Shaffer Ford with a triple in the first inning while Tod Chappell chipped in with a double.

### Class G

After the Lions racked up a run in the top of the first frame Petrucci's tallied three in the last of the first to go on and gain a 16-2 win behind the two-hit pitching of three hurlers.

Petrucci's tallied four runs in the second, five in the third and finished up with four in the fourth.

Showing the way in the Petrucci batting attack was Larry Kibler with two doubles and two singles. Bob Briskin with a triple and a single and Mark Equizi with two singles aided the winners' cause.

Steve Davis with a triple and Don McKinney with a single collected the only hits off the Petrucci pitchers.

### Class H

Ltague-leading Moose Lodge kept on the winning trail by scoring an 8-4 triumph over the Dairy Isle for its fifth win without a loss.

Both teams were able to chalk up two runs in the second inning but the Moose pushed three across the plate in the top of the third to take a 5-2 lead and were never headed.

Jack Derwiler and Dick Charney each socked two singles for the winners while Harry Ehrhart smacked a triple for the Moose nine.

Four Dairy Isle batters collected one single apiece for the losers.

Home Furniture fell from a three-way second place tie with Merchants Vending and Stark's Colonial by losing to Ailes Insurance, 9-8.

The loss dropped the Furniture record to 4-2 while the Vending and Colonial marks are 4-1.

After Ailes tallied a run in the last of the second inning without a hit, Home Furniture's John Mehno belted a homer in the top of the second frame to tie the count at 1-1.

The losers then forged to an 8-7 lead in the top of the fifth inning on a three-run rally but the Ailes aggregation put two walks together and some fancy base running to muster two runs and a narrow one-run victory.

Craig Anderson, Jim Marks and Jim McQuire each socked singles to feature the batting attack for Ailes. Anderson was the winning hurler, walking four and fanning 10.

Mike Mehno and Ken Stein rapped doubles to lead the Home Furniture crew along with John Mehno's blast.

### IN THE BIG SECOND

inning rally the Old Dutch nine rapped five hits with the big blows being doubles by Jim Barnes and Lefty Miller.

Old Dutch wrapped the game up with a lone run in the fourth canto and the winners added two more in the sixth frame on singles by Miller and Paul Herman coupled with a double by Red Weingart.

Mercer received the win in tossing the two-hit shut out. Bob Woolf and Ken Cranston collected the two singles off Mercer.

Pacing the Old Dutch attack was Miller with two doubles and a single. Aiding the winners' cause was Herman with two safeties.

## Angels' Wagner Hot, Leads AL In Homers

NEW YORK (AP) — The Los Angeles Angels are making surprisingly rapid progress in the American League pennant race and they owe much of the headway to fence-bustin' Leon Wagner.

The acquisition of Wagner from Toronto of the International League just before the start of the 1961 campaign has turned out to be quite a bonanza.

Last season, Wagner hit 28 homers for the Angels. This year, he's hitting 'em at an even faster clip. He walloped three in last week's games to take over the American League lead with 18.

Wagner also drove in four runs and is deadlocked for second place in RBI with Kansas City's Norm Siebern. Each has 48, one less than Floyd Robinson of the Chicago White Sox.

Willie Mays of San Francisco continues to top the National League in home runs with 21 while Tommy Davis of the Los Angeles Dodgers has the most runs batted in, 68.

Rich Rollins of Minnesota and Felipe Alou of San Francisco maintained their batting leads. Rollins lost one point and heads the American League with .355. Alou dropped nine points, but still is the No. 1 National League batsman with .339. The figures include Sunday's games.

The most spectacular advances last week were made by Pete Runnels of Boston and Hank Aaron of Milwaukee. Runnels picked up 15 points with 10 hits in 20 tries while Aaron gained 25 points with 13 safeties in 24 times at bat.

Runnels is third in the American League with a .347 average and Aaron is sixth in the National at .320.

Jordan Olivar has coached Yale football for ten seasons.

Mansfield Wants To Dispel Uncertainty

WASHINGTON (AP)—Opposing party leaders agreed today that the present mood of the country is one of uneasiness and uncertainty. They disagreed on the cause and cure of the malaise.

Senate Democratic Leader Mike Mansfield of Montana said Congress must act quickly on President Kennedy's legislative program to "dispel some of the uncertainty which has been accumulating in recent months throughout the nation."

"The people wonder why we aren't doing anything in Congress," Mansfield said. "It is time we got down to hard work to reach some final decisions on the President's proposals."

Senate Republican Leader Everett M. Dirksen of Illinois said in a separate interview that "it isn't what Congress is not doing but what it might do that is causing uneasiness in the country."

"There is uneasiness in some quarters about the administration's proposal to withhold taxes on interest and dividends," he said.

"There are fears and doubts about the President's trade program. There is a great deal of opposition to his proposal of finance health care for the elderly by increasing Social Security taxes."

"Nobody knows what the House is going to do about the farm bill. All of these add up to a general mood of uncertainty and uneasiness."

"Mansfield told senators Monday they can look forward to 9 or 10-hour work days, beginning on Wednesday, about double the average of five-hour sessions thus far this year. He said the Senate will meet on Saturdays and have only a one-day holiday July 4."

FILES FOR DIVORCE

CLEVELAND (AP)—Wilbur H. Ficken, a former \$30,000-a-year stock broker sentenced to 18 years in prison two weeks ago for stealing more than \$200,000 from his clients, has been sued for divorce.

His wife of 22 years, Mary Louise Ficken, 43, filed her petition in Common Pleas Court Monday.

OUT OUR WAY

OUR BOARDING HOUSE

A word from THERON at the Old Country Store

If you care to watch the races out back come either Wednesday night or Sunday night. They don't race on Sunday afternoon now, it has been too hot. Last Sunday night I went up to Sharon Speedway, they tell me I missed some exciting races out back. If you want to see some really thrilling stock car and super modified races Sharon Speedway is the place. I like the way they operate that track, never a dull moment.

Questions And Answers

Q—Will you settle an argument for our high school class? Our biology teacher says that penicillin tablets are just as good as "shots." Yet most of us get penicillin shots when we have infections. If the tablets are just as good, why do we get "shots" that sometimes hurt?

A—Until a few years ago, we did not possess a penicillin that resisted digestion when swallowed. So, at that time penicillin had to be given by injection. Now, we do have penicillins that are not destroyed or inactivated by stomach acid or by stomach enzymes.

When these preparations, such as phenoxymethylpenicillin, are given by mouth, they are capable of producing sufficiently high and sustained levels in blood serum to destroy most of the common bacterial invaders, such as staphylococci, streptococci and pneumococci.

So, by and large, for the treatment of a mild to moderate infection with an organism that is responsive to penicillin, I would be inclined to agree with your biology teacher.

However, if the infection were of greater severity and the invading organism were known not to be particularly penicillin-sensitive, injection treatment would be distinctly in order.

Q—I had my eardrum blown out in a recent explosion. Can this damage be repaired, as I have

constant buzzing and some loss of hearing?

A—Repair of ruptured drum membranes is being successfully accomplished by a variety of methods. Some specialists, under certain circumstances, close the opening with grafts of skin or the wall of a vein. Others attempt cauterization of the margins with acids after which a scaffold of cotton, membrane or polyethylene is laid down to direct the growth of the reactive tissue. In expert hands, according to a report in the (March) Archives of Otolaryngology.

Q—Is it safe to sniff snuff or chew tobacco as a means for kicking the cigarette habit?

A—No. In a recent series of 112 patients with cancers of the mouth and throat, there were six snuff dippers and three tobacco chewers. Only five who never used tobacco in any form were included. And, of the smokers, 90 per cent used cigarettes, 9 per cent were predominantly cigar smokers and 2 per cent were pipe smokers.

Thus, while tobacco is not the only cause for the development of cancers in these exposed areas, it is a "major cause" in the view of Drs. W. I. Dunn and R. T. Farrior who made these studies.

And, as you can see, switching to snuff or chewing tobacco isn't going to profit you much as a means of cancer prevention.

KIWANIS OFFICERS—Merle H. Tucker (left) of Gallup, New Mexico, was elected president of Kiwanis International and Charles A. (Nick) Swain of Cape May, N. J., was named president-elect and will be installed as president in August of 1963. The election was held at the 47th Annual Convention of the Kiwanis in Denver, Colo.

Topics of Interest To Farmers; Notes About Meetings

Farm Land Prices Up

Ohio farm land prices are going up again. They now are at an all-time high.

Latest figures from the U.S. Department of Agriculture show that Ohio land prices, as of last above their 1947-49 average. Value of Ohio land and buildings averaged \$252 an acre, with extreme variations between lows and highs. Reports indicate that much Ohio cropland these days sells between \$200 and \$600 an acre.

Miss Margaret McDonald, Ohio State University Extension economist, says several factors probably are responsible for pushing land prices up. Higher net farm income last year may have had some effect. Cash farm receipts in Ohio last year were 6 per cent higher than they were a year earlier.

The competition among farmers to buy land to enlarge their existing farms may be another big factor influencing the price of land, according to Miss McDonald. She notes that USDA information shows 56 percent of all farm real estate transfers in the cornbelt states last year were for farm enlargements. This was double the level in the early 1950's.

510 Attend Barbeque At North Georgetown

NORTH GEORGETOWN—Barbecued chicken was served to 510 adults and children who attended the third annual Community Hall dinner sponsored by the Ruritan Club Saturday night. President C. E. Motts reported this event, aided by good weather, was the most successful financially of the three ventures. Guests came from as far as Canton.

Proceeds from the barbeque will be used to pay for materials for the just-completed concrete floor installed at the Community Hall by Ruritan Club members.

A. J. Pandin of Homeworth was chairman of the barbeque and Mrs. Mary Fryogle headed the committee of Ruritan wives who did the cooking.

N. Waterford Fair Draws Huge Crowd

NEW WATERFORD — A warm June night Monday wooed the largest opening evening crowd in 12 years to the firemen's fair at the village park, chairman Joe Fittante reports. He estimates 1,500 people attended the carnival which will run through Saturday night.

Highlight of the annual fair is the parade Friday night at 7. The New Waterford School band and the VFW color guard will lead the procession. Charles Harrison is parade chairman.

Visitors were thrilled with the Wiregards, a husband-wife team that travels world-wide with their aerialist and acrobatic act. They will perform nightly throughout the fair.

FUEL TAX DISTRIBUTED

COLUMBUS, Ohio (AP)—Some \$2,821,600 in gasoline tax revenues have been distributed recently to counties and townships, State Auditor James A. Rhodes says. The recent distribution increased to \$25,261,724 the total shared by the counties and townships and the state's municipalities in the past six months.

Of the over-all total, Rhodes said, the counties have received \$10.5 million, municipalities \$9.4 million and the townships \$5.3 million.

We Always HAVE "TIME" FOR YOU

It's The Truth!

We were asked if this sounded like a fish story. Wayne Goble says, "Since three fourths of the earth's surface is water and one fourth is land, it's clear the Good Lord intended a man should spend 3 times as much time fishing as he does mowing the lawn." While you catalogue that one for future use, may we suggest the wisdom of doing business with us? Thank you in advance for coming in soon!
